

YOUTH SCHOLARSHIPS

The National Rex Rabbit Club installed a Scholarship program in 2002 for the purpose of providing financial support through Scholarships to qualifying Club members seeking a higher education through college or trade-school enrollment.

The National Rex Rabbit Club will serve as administrator of this program and as manager of its related funds.

Funding of this program is provided by private donations from individuals and affiliated Clubs; and by revenue received from Club sponsored 50-50 Rex Rabbit Auctions held annually at A.R.B.A. Conventions.

All funds assigned to this program will be used only for Scholarships. The Club Secretary will maintain a separate accounting of these Funds and report quarterly through *REX WORLD* all Fund activity.

The President will appoint a Scholarship Rules Committee who, with Executive Committee approval, will serve two years. They will evaluate the Scholarship Program, and make recommendations for improvement.

The President will also appoint a Scholarship Awards Committee who, with Executive Committee approval, will also serve two years. They will review qualifying Scholarship applications and select Scholarship recipients.

The Executive Committee will determine annually the number of Scholarships to be made available and amount of each.

Applicants must request an official Scholarship application form directly from the Club Secretary by January 1.

Applications must be completed in full and returned to the Club Secretary by February 1.

Scholarship recipients will be determined by April 1 and announced at the ensuing National Rex Show.

Recipients will receive one half of Scholarship upon proof of registration for the Fall school term and the second half upon proof of registration for the following Spring school term.

Qualifying members may apply annually and receive up to a maximum of three Scholarships.

Recipients of Scholarships have been:

2003	\$250 Jessica Pierson, IL \$250 Luke Buttles, WI
2004	\$250 Jessica Brunst, MO \$250 Luke Buttles, WI
2005	No applications
